## A NATURAL STATE WELCOME

It's my pleasure to welcome each of you to Arkansas -- the Natural State.

It's hard to believe a year has passed since I saw many of you in South Dakota. Since then, our agents have worked long, hard hours and endured countless planning meetings preparing for this year's national convention.

There are a few things we'd like you to know about Arkansas before you get here:

- Agriculture is Arkansas' leading industry. It's a \$20 billion-plus industry here and nearly one in six jobs is related to agriculture.

- If you've ever eaten chicken or breakfast cereal or enjoyed rice with a meal, chances are you've already tasted our biggest products. Arkansas leads the U.S. in rice production, growing more than half of the nation's acres. We're also No. 2 in broilers.

- Are you an angler? You might know that Arkansas is ranked No. 1 in baitfish production.

- Chances are that the jeans you're wearing are made with Arkansas cotton -- a crop in which we're ranked No. 4 in the U.S.

- Arkansas has a thriving horticulture sector, with a globally renowned fruit breeding program. It has also home to some of the world's biggest -- and best-tasting watermelons.

- Forestry and wildlife management are major players in our economy. Outdoor activities such as hunting and fishing are estimated to have a \$1.8 billion impact each year in Arkansas.

- Arkansas is home to the only public diamond mine on earth -- and it's all finders keepers.

Dr. Tony Windham, head of Arkansas' Extension Service

We hope you'll find time during your visit here to refresh your professional outlook, find inspiration in your colleagues, and explore all that Arkansas has to offer.

# YEP, WE HAVE STUFF TO DO!

## LITTLE ROCK RIVER MARKET

The Little Rock River Market District offers a market hall with an exciting mix of food vendors that will entice your senses and fit any taste buds. You can also shop for fresh fruits and veggies, visit several art galleries and souvenir stores, dine at a variety of restaurants, take a trolley ride or stroll through the park, take in multiple pieces of public sculpture, experience several museums and attractions, or enjoy the incredible view of the river.

## FARMERS MARKET

Filled with farmers selling farm-fresh produce straight to consumers from the backs of their trucks, come check out the Little Rock Farmers' Market on Saturday or Tuesday from 7:00 a.m. – 3:00 p.m. The Market, located in the two open-air pavilions just down from the conference site at 400 President Clinton Avenue, offers patrons bargains on Arkansas crops, as well as bountiful array of handmade arts and crafts.

Looking for a night on the town? The downtown area is the best place to find live entertainment and local music. Offering entertainment from acoustic, techno, alternative, piano bars, rock, jazz, classical and country – we love music, and we've got it all. If a lively, high-energy atmosphere is what you are looking for, the District's plentiful bars and pubs offer a night on the town you'll never forget! The Rock Region METRO Streetcar is a 3.4 mile streetcar system connecting the cities of Little Rock and North Little Rock. METRO Streetcar is a fun, unique way to take in the downtown sights of central Arkansas' "twin cities." Spanning the beautiful Arkansas River, the system links some of the most vibrant destinations in Pulaski County,

including the Clinton Presidential Center and headquarters of the global nonprofit Heifer International; North Little Rock's historic Argenta district; the Little Rock River Market and Creative Corridor; and favorite restaurants, hotels, brewpubs, cultural attractions, shops and more.

Visit <https://rrmetro.org/services/streetcar/maps-schedules/> for streetcar schedules and fare information. You can also download the NextBus app to find out how many minutes away the next streetcar is from the stop nearest you.
